Rc. CC1C9/II/55-71 dated 14-9-195

Sub: Fisheries - Ice plant cum-Cold Storage factory at West Hill Lease - Deputation of Sri. Chatterjee, refrigeration Technician - Orders - requested.

...

1/ The lease of the Ice Plant-cum-Cold Storage factory at West Hill was given to The Bombay Ammonia and Refrigeration Company Limited, Bombay for a period of three years as per G.O.Ms. No.1107, Agriculture Department dated 10-4-[illegible]. The lessees took over the plant and buildings on 1-7-1955. As per condition 4 of the lease agreement only qualified persons should be employed to run the plant. The lessees have informed me that they have employed two experienced and qualified refrigeration operators who were formerly employed both by the Public Works Department and this department during erection and trial run period and that they also want the services of one more refrigeration operator (mechanic) for a period of about three months. One Sri. Chatterjee now holding charge of the posts of refrigeration mechanic sanctioned in G.O.Ms. No.408, Agriculture Department dated 14-9-55 has got sufficient experience in working and maintaining ice plants. He is drawing total pay of Rs.C /- (pay Rs.40/-, D.A. Rs. 1/- and T.A. Rs.7/-). The lessees have requested that the services of Sri. Chatterjee may be lent to them for a period of 3 months. They are agreeable to pay the equivalent allowances of the mechanic, his to and fro travelling allowance and also leave and pension contribution. I am asking the lessees to pay the mechanic 25% over and above his total emoluments during deputation pay to foreign service.

2/ Under these conditions, I have permitted the Fisheries refrigeration Engineer, Bangalore to relieve Sri. Chatterjee to work under the lessees in anticipation of Government sanction as the plant has already started functioning. The mechanic was relieved on 15-7-55.

3/ The Bangalore plant is not working at present and the trial production run, sanctioned for a period of one month from the date of commencement, will begin only from the 1st week of October, 1955. The services of the mechanic can therefore be lent till then. It has been made clear to the lessees that Sri. Chatterjee should be relieved by the end of September, 1955 to enable him to join duty at Bangalore on 1-10-1955. This deputation will enable him to gain some more experience in working Ice-plants.

4/ In the circumstances, explained above, I request Government may be pleased to lend the services of Sri. Chatterjee, Refrigeration Engineer, Bangalore to the Bombay Ammonia and Refrigeration Company Limited, the lessees of the Ice Plant-cum-cold Storage at West Hill, for a period of 2½ months from 15-7-55 to 30-9-55 under the terms mentioned above. I also request that my action in having asked the Refrigeration Engineer to relieve him in anticipation of Government sanction may kindly be ratified.
